Many of the Giants, both current and former, seem to have adopted a new “hot spot” in Manhattan called **Caffe Lugo on 33rd between Seventh and Eighth. ... It appears they have followed noted chef **Sam Hazen**, also an avowed wild-eyed Giant fan. ... In recent weeks, sightings include **Tuck, Chase Blackburn, Richie Seubert, Kevin Boss, Michael Strahan, Harry Carson, Carl Banks, George Martin, Chris Snee and Tiki Barber** (and his agent, Mark Lepseiter). ... Oh, and former Jet Ray Lucas, too.**

Why not try E-GIANTS? You aren't a true Giant fan without this secret weapon.
